

Minutes of the Safety Committee

Monday, June 14, 2010

Present: Lillian Mierzwa, Bob Howell (Board Liaison), Marsha Melnik (chair/recorder),

Absents: Pauline Walsh

1. Minutes of May 10 accepted. Marsha will email them to Isan to be filed and forwarded on to the members of the Board.
2. Agenda accepted.
3. Bob Howell was welcomed as the Board Liaison.
4. Isan was thanked for posting the notice of meeting flyers and printing off materials for the meeting.
5. Police - Lillian

Lillian spoke with PC Russ Golding, Crime Prevention Officer with Division 11. He can do a property audit with members of the committee of the grounds and building. We can arrange a time so that Isan can join us. Golding can also provide us with several safety brochures. We can also see if there are specific areas of concern that we want to address.

Bob Howell: - will bring this to the Board for their consideration

6. Fire Department - Marsha for Pauline

They will do a presentation for the residents - Charge is \$74/hour for a minimum of 4 hours.

Pauline

Contact them again to ask for the content of such a presentation. Then we will discuss whether it is worth the cost.

Specific areas of concern were raised in the event of the fire alarm going off.

Do you stay in the unit or not? How do we know if everyone is out? Is there an official form from the FD for the list of people who need assistance. How many evacuations have we had? How many false alarms?

7. Fire Department updated list - Marsha

Isan has a form on the last page of the current newsletter to help him update the list. After an appropriate length of time, we will inquire as to how many forms were returned and proceed from there. Also we will consult with the fire department - see above.

8. Floor Captains

All agreed that this was a worthwhile initiative, but needed a lengthy discussion to sort out logistics (including confidentiality and communication issues) To be continued at next meeting.

Next meeting: Monday, July 12 at 7:00 in the Party Room
